Your bequest can support Arizona NOW

Planned gifts are essential to the University of Arizona, and right now your gift can support *Arizona NOW*, the Campaign for the University of Arizona.

What is Arizona NOW?

Arizona NOW is the UA's most ambitious fundraising campaign ever. With a goal to raise \$1.5 billion by June 2018, it is distinguished by comprehensive scope and its ties to the UA's strategic plan, *Never Settle*.

What does Arizona NOW hope to achieve?

It will preserve and enhance our position as a leader in research and discovery. It will create new experiences for students, faculty, fans, members of the community, and the state of Arizona. And it will pave the way for the next generation of thinkers, innovators, and leaders.

Will my bequest count toward Arizona NOW?

Your bequest can contribute directly to the campaign, even if your gift arrives after the campaign ends.

How has Arizona NOW improved the UA?

The outpour of private support has been tremendous! It has facilitated the creation and enhancement of programs, funded cutting-edge research, provided for the construction and operation of facilities, and gifted scholarships to generations of Wildcats.

The Campaign for
The University of Arizona
